

Engineering Manager

12 months FTC

RATP Dev Transit London Garages

Our engineering function is undergoing an exciting period of change and development which will ensure that the engineering department is fit for the challenges of the future. We are looking for a strong, effective leader who can deliver reliable and consistent results. They will be able to identify and drive initiatives which will make the garage work smarter – delivering efficiencies for the garage and business alike.

This is a twelve-month FTC where you will be required to travel across all of our garages in West and North London. You will lead the engineering team, manage resources within budget and ensure the provision of vehicles to the necessary standards of reliability, presentation and operational requirements. You will lead by example and have the ability to not only motivate and engage staff in all situations but also deal with disciplinary and staffing matters.

Skills and Experience Required:

- A relevant Engineering qualification at NVQ Level 3 or equivalent
- Knowledge and understanding of DVSA requirements and a relevant qualification in Health and Safety Management
- Proficient computer skills particularly in Excel and Outlook combined with the ability to quickly learn other applications
- Proven people management skills with responsibility for the work of engineers. Ability to motivate and encourage good performance and take appropriate action where poor performance is identified.

The successful candidate will have previous experience as an Engineer/Workshop Manager or as a Working Charge Hand within the transport industry, where delivery is paramount. You will also have financial awareness and the ability to manage, analyse and report a profit and loss budget. A proven track record of turning the performance of a garage around for the better, will give you an added advantage.

What we offer:

- Competitive salary
- Free travel pass and nominee pass for travel throughout the TfL network in London (savings of up to £6,000)
- Subsidised gym membership
- Wholesale benefits
- Cycle to work scheme
- Eye care voucher
- Company Pension

To apply you will need to send a CV and covering letter explaining how you meet the requirements of the role. For more information and to apply, please contact a member of the Recruitment Department on the following email address recruitment@ratpddev.com.
