

Night Engineer (MG07)

Edgware Garage

Our engineering function is undergoing an exciting period of change and development. In order to ensure that the engineering department is fit for the challenges of the future we are now looking for highly motivated individuals who are capable of meeting our customers' needs. We are currently looking to recruit a Night Engineer to join the team at our Edgware Garage.

As a Mechanical or Electrical Engineer your main responsibility will be to provide a full range of repair, maintenance and servicing activities for all vehicles in line with the company and legislative standards and requirements.

Essential Experience Required:

- NVQ Level 3
- PSV or equivalent is ideal but not essential
- Must have previous experience working on PSV vehicles
- Your verbal and written communication skills are just as important to us as your technical skills
- Proficient IT skills are essential
- Able to learn efficiently on how to use any databases or manufacturer diagnostics systems

You will build relationships with the garage's drivers and service controllers to help ensure a smooth-running service. Your ability to work successfully using your own initiative and as part of a team will be what makes you stand out. You will also be recognised for your ability to work under pressure and to tight deadlines without compromising on the quality of the work carried out.

What we offer:

- Competitive salary
- Free travel pass and nominee pass for travel throughout the TfL network in London (savings of up to £6,000)
- Subsidised gym membership
- Wholesale benefits
- Cycle to work scheme
- Eye care voucher
- Company Pension

To apply you will need to send a CV and covering letter explaining how you meet the requirements of the role. For more information and to apply, please contact a member of the Recruitment Department on the following email address recruitment@ratpdev.com.
